### **FACILITATOR CERTIFICATE AGREEMENT**

I acknowledge that I have completed the 18-hour NP facilitator training in its entirety and I now feel both competent and confident in the Seven Step Fidelity™ Implementation of the Nurturing Parenting Programs® (NPP) and Nurturing Families Program 5-19™ (NFP5-19)™. I understand that this certification, grants me the ability to provide direct services to children and families by utilizing the NPP and NFP5-19 applying the skills I have learned throughout this training. I also understand that now I am part of a bigger family and with this privilege comes responsibility to serve ethically. I clearly understand that with this facilitator certification I cannot train other professionals to become facilitators. I will use every opportunity to share with others the valuable information Nurturing Program offers.

I commit to honor the fidelity of Nurturing Program through facilitating discussions with individuals, families and groups. I will adhere to the values and philosophy while utilizing the research assessments and constructs developed by Dr. Stephen Bavolek, that I learned in my training. I will do the research necessary to be informed about a wide array of curriculum and program options available through [www.nurturingparenting.com](http://www.nurturingparenting.com) and [www.texasnurturingcenter.org](http://www.texasnurturingcenter.org) website. I further acknowledge that I will seek to properly utilize the appropriate evaluation tools, service model and adhere to the recommended “session dosage and frequency”. I agree to work with my trainer before making any modifications to the tertiary programs or service delivery models. As a trained and certified facilitator, I commit to uphold the principles of the Nurturing Parenting Programs® to ultimately stop the intergenerational cycle of child abuse by teaching violence free behavior and to promote empathy and nurturing parenting practices.

I will not re-print and/or distribute any curriculum purchased unless I have purchased a membership and license through the Family Nurturing Center of Texas. I understand that no part of the curriculum/program material may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical, photocopied, recording, scanning, or otherwise, except as permitted under Section 107 or 108 of the 1976 US Copyright Act, without the prior written permission of the publishers. I also agree to report any suspected copyright infringement to the Family Nurturing Center of Texas.

By checking the box on the affiliate page form, I am agreeing to all the above and I agree to stay in contact with my FNC-TX Trainer and author of the NFP5-19™ **SONYA M. THORN, MSOL LCSW** and the Family Nurturing Center of Texas. [CLICK HERE](#)  
Please check the box in the affiliate form confirming that you have read and agree to the statement on this Facilitator agreement.
