TRAINER CERTIFICATION AGREEMENT

I acknowledge that I have completed the “Training of Trainers” training in its entirety and I now feel both competent and confident in training other professionals and paraprofessionals in the Nurturing Parenting Programs® (NPP) and Nurturing Families Program 5-19™ (NFP5-19)™. I understand that this certification, grants me the ability to provide training and consultation on both the NPP and NFP5-19™ applying the knowledge and skills I have learned throughout this training. I also understand that now I am part of a bigger family and with this privilege comes responsibility to serve ethically. I clearly understand that with this trainer certification I have been granted the responsibility to train other professionals and paraprofessionals in the knowledge and skills needed to become effective facilitators. This certificate does not allow me to train others to train facilitators that is the responsibility of “Lead National Trainers”. I will use every opportunity to share with others the valuable information Nurturing Program offers.

I commit to honor the fidelity of the Nurturing Program through facilitating discussions with facilitators. I will adhere to the values and philosophy while teaching others the importance of evaluation, research assessments and constructs developed by Dr. Stephen Bavolek. I will do the research necessary to be informed about a wide array of curriculum and program options available through www.nurturingparenting.com and www.texasnurturingcenter.org website. I further acknowledge that I will seek to properly utilize the appropriate evaluation tools, service model and adhere to the recommended “session dosage and frequency”. I agree to work with my lead national trainer before making any modifications to the facilitator trainings. As a trained and certified trainer, I commit to uphold the principles of the Nurturing Programs to ultimately stop the intergenerational cycle of child abuse by teaching violence free behavior and to promote empathy and nurturing parenting practices.

I will not re-print and/or distribute any trainer material or curriculum purchased unless I have purchased a membership and license through the Family Nurturing Center of Texas. I understand that no part of the training or curriculum/program material may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical, photocopied, recording, scanning, or otherwise, except as permitted under Section 107 or 108 of the 1976 US Copyright Act, without the prior written permission of the publishers. I also agree to report any suspected copyright infringement to the Family Nurturing Center of Texas. By checking the box on the affiliate page form, I am agreeing to all the above and I agree to stay in contact with my FNC-TX Trainer and author of the NFP5-19™ SONYA M. THORN, MSOL LCSW and the Family Nurturing Center of Texas.

Please check the box in the affiliate form confirming that you have read and agree to the statement on this trainer agreement.
